

Hi,

I am writing to express my objection to

HB No. 6357. I am asking that the committee oppose Section 22 of HB6357 which proposes adding the Healthy Foods Initiative as a new CIA funded program.

- I believe alternative sources of funding for The Healthy Foods Initiative can be found especially as a stand-alone line item under the Department of Education budget where it belongs, if it is really needed at all!
- The CIA was designed to fund land conservation, farmland preservation, historic properties, and affordable housing projects.
- Stop stealing from one budgeted important useful program to pay for "new ideas"
